Exactly why u havent heard of them, the ppl in that clan cant match real clans like gk and SoC or RPH, cause we all check for bots, next time anyone scrimms them u need to watch them

I believe we banned a couple JeW guys from the servers after jacking them and finding them botting.  
 Oh and Panda, just how many names do you go by?

lol Beertender, you're an idiot, GK, SoC, and RPH all suck, sry too tell you.

it's funny how you people think JeW people bot when obviously none of you have any video proof except Dorune, who "saw" it with his own eyes.
